SERVICE PROVIDER REQUESTS

To help us process reimbursements quickly, please make sure all invoices/receipts for services clearly include:

- **Service date**
- **Service received** (a brief description of what was provided)
- **Payment date**

These three details must be itemized so we can verify eligibility and avoid delays.

Full receipt and invoice requirements can be found in the [Reimbursement Guidelines](#) (page 6) if you'd like a refresher.

Thanks for taking the time to double-check your documents before submitting — it helps keep everything running smoothly!

DATE REMINDERS

- **Reimbursement Requests:** Submit by 10 PM on the **last day of the month** to receive payment by the **25th of the following month**.

EASY DOCUMENT SUBMISSION

Our system accepts one document per submission, so please combine multiple pages or images into a single PDF to avoid delays or denials.

For help, check out these quick videos:

- [How to Combine Files](#)
- [How to Download & Combine Amazon Receipts](#)

These walk you through the process step-by-step. Thanks for making sure everything is merged before you submit!

SERVICE PROVIDER UPDATE

You'll start seeing CFEF use the term "service provider" instead of "vendor" to better reflect the wide range of services families access through the program.

A few important notes as we make this update:

✓ **An approved service provider doesn't mean every item or service they offer is eligible.**

Many providers offer products outside our program guidelines, so please review the current reimbursement rules before making a purchase.

✓ **Approval status can change.**

A provider who is approved this year may not remain approved in future years. Some families list "approved service provider" as if it's permanent, but approvals can, and sometimes do, change.

To avoid delays in processing, please take a moment to:

- Check the latest guidelines,
- Confirm the provider's current approval status, and
- Reach out if you're unsure about eligibility.

Thank you for helping keep the process smooth and consistent for everyone!
