

SCHOOL DISTRICT DETERMINATION OF ELIGIBILITY

Please note that if your IEP is still current as of 7/1/2025 - it is still valid. Please upload that document to your application.

How to check if it's current?

We are looking for the three-year redetermination date, not an annual evaluation date.

Your IEP may include language such as "next evaluation date," "next eval date," or "triennial due date."

Some districts do not list the date. If you can't find the date, please upload what you have and we will look into it further and let you know if a new one is needed.

SPRINGTIME REMINDER

With Easter and warmer weather ahead, please remember that scholarship funds cannot be used for easter eggs, baskets, candy, or holiday items—they must be educational.

For gardening, funds can cover small/single-use equipment or science experiments, including plants, potting soil, plant food, and sand—but not general landscaping or décor, large hydroponics, etc.

Thank you for sticking to the guidelines, and happy learning this spring!
