

Welcome to the 2026-2027 Scholarship Year!

Welcome back to another exciting year with Children First Education Fund!

Whether you're returning to the program or joining us for the first time, we're grateful to have you as part of the CFEF community. A new scholarship year brings new opportunities for students to learn, grow, and thrive, and we're excited to support your family every step of the way.

As we begin this year, you'll notice some changes. Our team has been working to implement important program updates that align with state requirements, Board direction, and our commitment to serving families with integrity and transparency. At the same time, we're making improvements designed to simplify processes, expand approved purchasing options, and make it easier for families to navigate the program.

We know change can sometimes feel overwhelming, especially at the start of a new school year. Please know that we're here to help. Some updates will roll out over the coming months, and we'll keep you informed every step of the way so you always know what to expect.

Throughout the year, this newsletter will highlight important deadlines, practical tips, helpful resources, and answers to common questions, while connecting you to the Parent Pages for detailed guidance and step-by-step instructions.

Thank you for your patience, your partnership, and the trust you place in CFEF. We look forward to supporting your student's educational journey throughout the year.

Parent Resources

Your Guide to Getting Reimbursed with Confidence

The Spending Guide is your go-to resource for understanding eligible expenses, documentation requirements, and the reimbursement process. Looking for something specific? Press Ctrl + F (or Command + F on a Mac) to quickly search for keywords and find the information you need. If you still have questions after reviewing the guide, our team is always happy to help.

QUICK TIP: Submit One PDF Per Request

If your reimbursement includes multiple pages for your receipt, combine them into a single PDF before uploading. This helps prevent delays and ensures our team has everything needed to process your request.
